Interview Summary

On August 17, 2010, a telephonic interview was conducted between Examiner Thomas Diaz and Saeid Mirsafian. During the interview claim 1 was discussed as well as U.S. Publication 2004/0206195. Applicant's representative proposed submitting a certified translation of the certified foreign priority document in the application in order to perfect the claim to foreign priority and thus overcome the intervening reference Landskron et al. (U.S. Pub. 2004/0206195). It was agreed that submission of the certified translation would allow Landskron et al. reference to be overcome. However, reconsideration of the previously presented amended claims would have to be considered in order to determine patentability.

The undersigned thanks Examiner Diaz for the time and attention devoted to the interview.
